

Stephanie Mills – Admin Assistant

After completing my Business and IT degree at Sussex University, I spent the next 18 years as an IT Project Manager working predominately in large financial and technology institutions in London. Following the birth of my second child, we relocated to Seaford where we greatly enjoy seaside life and walking our beloved dog Rosie along the Cuckmere, Friston Forest, the downs, the cliffs, Birling Gap and the beach (we truly are very spoilt for beautiful countryside!). I am a member of the Sussex Wildlife Trust and RSPB and have a keen interest in wildlife and nature.

I worked as a Clerk for a Parish Council in West Sussex before relocating to Seaford and have been Parish Clerk and Responsible Financial Officer at South Heighton Parish Council since January 2018; I am currently studying for my CiLCA qualification due to finish in June 2019. I am very excited to be working with East Dean and Friston Parish Council in such a beautiful area.
